FARMVILLE

The Normal session has gone by so rapidly that we, as a people, are startled to know that the nine months have come and gone in such quick succession. Being in contact with the school we became acquainted with representative Virginia girlhood from every section of the Commonwealth, and we watch the future of the students with tender interest after they enter upon the broader work-field of life The institution is a great blessing to Farmville, and it is gratifying to believe that the teachers and school, without exception, so far as I know, became friends of the town and the people. The session now closing has been a most successful one in the history of the school, and altogether most satisfactory. The health record has been excellent, and the machinery has been running smoothly and well. The young ladies who graduate will have no difficulty in securing desirable positions as teachers in the Virginia schools, and will make good returns to the mother-Commonwealth for all of her thoughtful care over them during the training season.

There are no overcoats seen on our streets now-a-days and fires are no longer blazing on our hearthstones, while the straw hat has the right of way, and the "best girl" never refuses ice-cream.

The renovated Randolph hotel is as much appreciated by the people of Farmville as is the restored Jefferson by the people of Richmond and then we have two other hotels in town, the Westover and the Castle Inn, both of which are enjoying fine reputation with the traveling men. The Knights of the road appreciate a good hotel as other men do not.

Farmville has no professional florist and it occurrs to me there is an opening here for one.

The ice factory project has never been revived and there is room nere for that too.

Now and then some girls at the Normal fail on examinations and the sympathy for them on the part of fellow students is touching and tender. College ties, we write it reverently, must be made in Heaven.

Hampden Sidney is preparing for a record-breaking commencement This, however, doesn't mean that they are trying to eclipse the ante bellum commencements when acres of carriages gathered there from seven counties, bringing together the beauty and chivalry of South Side Virginia. We will never look upon the like again, but the coming occasion will be brilliant and memorable. Many strangers from a distances will attend and a varied and attractive programme has been provided. What a splendid history that institution has been making during the past 130 years. Her alumni in varied walks of life have been rising up to call her blessed," though "poor, yet making many rich," as Paul said of the church at Corinth.

It is gratifying to us of Farmville to read in your columns that not only is the State Bank at Pamplin succeeding as a financial institution but is public spirited as well, and aiding in the upbuilding of your county, for its president Col. W. P. Venable, is our fellow-townsman, who belongs, by the way to a family of bankers. We are not surprised to know that he is making the good record.

Great things are expected of the Home Development Company of Farmville. Its president is Mr. J W. Long, the popular and able cashier of the First National Bank and his associates are the young and progressive men of our town. They have been making some investments outside of town, but I am in hopes that they will yet look well to the manufacturing interests of our town. A significant weekly pay roll is one of our prime necessities. Labor and capital in happy unison will accomplish good results.

Some of our farmers began planting tobacco before the 20th of May and how the plants matured during the cold of May was a mystery to me.

Dr. R. Lester Hudgins, formerly of Ricomond, is now associated with Dr. W. E. Anderson. He comes to us with enviable reputation and is most fortunate in his association.

The removal of the post office to larger and more convenient quarters has given birth to an animated fight. Petitions have been going to Washington, an inspector has been here to look over the situation and yet all of us are not happy. Merchants of the north end of Main Street protest against moving the office Southward. The South enders are perfectly willing that it shall be done. "When self the wavering balance shakes it's rarely right adjusted." There is a big difference between "meum" and "tuum," and the principles of the Golden Rule have never yet been applied to a post office fight.

We have a fine body of athletes in town, but now and then one of the number gets to be so "strenuous" as to snap a bone. One serious objection to the sports of the day is that they so often put in jeopardy not only limb but life itself.

It was Addison who said, "There is no such thing as real conversation but between two persons," and I satisfied that he is right. In this connection I am reminded that the late Governor McKinney was one of the most delightful conversationalists I ever knew, and he was at his best when two persons were engaged in it. He was far from being what is known as a 'society man' but he was social in every fibre of his being.

Farmville lost a citizen of genuine worth in the death of W. E Davidson. Though a busy merchant he found time to read, and his retentive memory enabled him to make good use of it. In this hurried age in which men read little and think less.

Rev Mr. Fugate, who has been called to the Baptist pastorate, gave great satisfaction to the members of the congregation when recently he preached before them.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community. M. H. HUDNEY & Co., Almond, Ala.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle

by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE GRAND OLD COUNTY PHOTOGRAPHED.

Many Interesting Reports Made of Her People.

Announcement.

To the Voters of Buckingham:

After being requested by many of our Democratic friends in Buckingham County, we now announce ourselves as the Independant candidates for the office of Sheriff of Buckingham County. We appreciate the kindness of our Republican friends in endorsing our candidacy and they have our thanks, but we want it distinctly understood that we are Independent candidates for this office and have been all the time, and have been endorsed by our Republican friends. Knowing the duties of this office we feel that we can manage the affairs of the office with due credit to ourselves. thanking you for your consideration expressed heretofore and respeaking your further consideration, we are, Yours faithfully.

For the Senate.

To the Voters of the Eighteenth Senatorial District, (Appomattox, Buckingham, Fluvanna and Charlotte.)

I respectfully announce myself a candidate for the State Senate, subject to your approval at the Democratic primary, pledging myself to the faithful discharge of the duties of the office if elected, and a watchful eye to the wishes and interest of our District.

Your obedient servant,
T. W. SCOTT,
Drakes Branch, Va.

Buckingham.

Mr. Provinco, father of the Methodist minister on this circuit, died here last week; he had been a great sufferer from some spinal affection. The body was shipped to Pennsylvania for interment.

I was a little surprised that the correspondent from Sheppard's in his last week's letter did not have somewhat to say on that vital, as well as vexed, question—the sale or non sale of liquor in our county,—and I hope he will write on the subject in that intelligent style so natural to him. I say it is a vital issue, why, can we of this place forget that three men, nay, four men came to an untimely death as a direct result of intoxication? All four deaths taking place almost in a direct line reaching not more than two miles. I am no fanatic on the subject of temperance, I can take a drink if I want to, and then stop, but it never did me any good, nor do I think it ever did anyone any permanent good.

Mrs. Childress, a young married woman living at the old Irving place, has lost her mind, and had to be brought to jail here to await an agent from the Asylum. Mrs. Childress was Miss Charlotte Moss, and has three small children, and they and the hnsband have the sympathy of the community.

Slate River was very high last week.

Tobacco has been planted and unless cut and bad worms get in their work, a stand will be gotten on this season.

Money seems to be plentiful and can be had at six per cent on giltedge securities.

Mrs. Pratt went over to Farmville last week, but will spend the summer here, and Miss Lorna Hobard, of Washington, will visit here in the near future.

The candidates are letting no grass grow under their feet.

Buckingham County is naturally adapted to sheep raising, we have a law in force by which all sheep known to be killed by dogs (other than dogs which are kept by the owners of sheep) are paid for at their assessed value and the money is in the treasury ready to pay for all sheep so killed; yet there are by far more dogs in the county than sheep. I have invested in many flocks of sheep and always made money on them, some times 100 per cent a year. Every man should have a few good ewes and attend to them, and it is an industry that can not be overdone easily. We are not dependent on the local market for getting good prices, but if we raise early lambs we can ship to Baltimore and Washington, and this spring lambs were fetching 8c. a pound gross. Every now and then some man buys a lot of 100 or so of old worn out ewes, puts them in a bare old field and feeds the buzzards, then those who do not understand think sheep industry is a losing business.

Before this is printed, Circuit Court which begins on Tuesday the 11th, will have been in session and as there is little business of importance the term is likely to be a short one.

Mr. C. H. Jones, one of the cattle inspectors, is at work in Chesterfield county.

Miss Annie Page Jones, of New Store, has had quite a number of positions offered her for the coming session, but she is thinking of spending next winter with her parents.

Mr. Lewis Gillispie, after a short stay at home, has gone to West Virginia, where he is engaged in business.

Farmers who paid $3 a bushel for peas and sowed them before the recent cold wet spell will have to get used to losing money. I heard of one farmer who invested $50 in seed peas. Irish potatoes are doing well and wheat and winter oats seem well filled but spring oats are looking as well as they usually do after a wet spell.

It is difficult to get blacksmith's work done now and no young man seem to be learning the trade.

Mr. J. H. Noble, who has had in charge the Jamestown exhibits from this county, has been down to the Exposition and he says it is a great show.

Manteo.

Married in Richmond at high noon June 1st Miss Mollie Sue Bagby, of Norwood, Va., and Mr. Monroe Garrett, of Appomattox. Miss Bagby lived in this neighborhood for several years and was highly thought of by every one and has been greatly missed. Mr. Garrett is one of Appomattox's best farmers and citizens and we extend them our best wishes and congratulations.

The last span of the bridge across the James at Scottsville was washed down in the recent freshet. They were to finish it on one week and now the heavy steels have got to be gotten out of the river and sent to Richmond to be straightened. It will cost the Roanoke Bridge Company nearly $3,000 and will take about three months more time.

Mr. William Bates, of Wheeling, W. Va., recently spent several days at "Traveller's Rest" the home of the Misses Horsely.

Your correspondent had the pleasure of attending the unveiling of the monument to President Davis. It was a sight worth seeing, those grand, brave old men marching up Franklin Street and to step out and shake the hand of those who had gone through so much hardship for their country. One old white headed soldier, said to me, "I came seventeen hundred miles to have a good time and am having it too." Another had a stick he had cut from a tree that was growing right where he stood in the battle field about 45 years ago. He said "I would not take $500 for this stick." The bands were fine and everyone seemed to feel more than repaid for the trip.

Mr. H. E Cook is back from the hospital at Clifton Forge, but we are very sorry to learn he was not benefitted by the treatment.

We are sorry to state that the condition of Mr. S. B Gibson is not so favorable.

Work on the side track at this point is suspended for some time which throws a good many colored men out of work just now.

The country from Scottsville to Richmond presents a very sad appearance, as it has been so wet the farmers have been unable to make any progress to amount to anything. Some folks say we are going to have a little famine of our own, and I must say it looks right much like it to a man in the mud.

Miss Katherine Boatwright returned from Richmond last Saturday.

Mrs. J. C. Laurens is detained in Richmond on account of the sickness of her little son Jack.

Miss Mildred L. S. Horseley recently spent several days at "Longfield," the home of Mr. and Mrs. H. C. Glover.

Mrs. S. P. Sutton and daughter Miss Sallie Mills, expect to leave today for an extended visit to Jamestown.

We extend our deepest sympathy to Rev. W. P. Province, of Buckingham, in the death of his father.

Mr. B. G. Boatwright expects to spend several days in Lynchburg this week.

The popular salesman of Barker Jennings Hardware Company, Mr. T. W. Martin, was in our town last week.

Arcanum.

Mr. W. M. Spencer, of Glenjean, W. Va., with his wife and daughter, are on a visit to his parents, Mr. and Mrs. W. B Spencer, here.

Mr. R. H. Payne has been home from his saw mill business near Blackstone for a day or two. The buzz of the circular saw is a sweet music to our friends ears, and he persists in keeping near it

Mr. White, the Senatorial candidate, spent some time canvassing lower Francisco District.

Miss Louise Ward, Mr. Henry Chappell and Mr. Dancey McCrae were visitors at Mr. W. B. Spencer's last week.

Captain J. W. Clark with his two lieutenants, Mr. Robertson of Amelia county and Mr. G. W. Moss of Sheppards, are turning out from 6,000 to 8,000 barrel staves a day; and 3 other sawing outfits are within 2½ miles of Arcanum, and every body knows when 12 o'clock comes for 4 steam whistles notify us of the fact.

Mr. M. C. Elcan, our conscientious Commissioner of the Revenue, has about recovered his usual health, and I believe the hope and wish of Francisco district, regardless of party, is unanimous that Judge Gordon will re-appoint him to this responsible office.

I must write a line endorsing your correspondent of last week. Uncle Van is certainly the most entertaining of all local correspondents for the TIMES, as "Dan Keller" is for the Dilwyn Outlook. Each has his own inimitable way of writing which is very enjoyable; and your Farmville writer (we of Southside know him as though he wrote cognizable) takes the cake for the fluency, brevity, and yet complete and artistic manner in which he dishes up the Farmville news every week; and by the way it might be news to some of your readers—Mr. Charles Bugg, Ex-postmaster of Farmville, died suddenly on the night of June 6th. Mr. Bugg came direct from London to Farmville in 1869 and has resided there all these years—he was 72 years old, a good man and a good citizen.

In Kansas City a Mr. Singer married a Miss Nightingale, but none of the newspapers referred to their home as a "cozy little nest."

It required an order from Uncle Sam to stop the stream of money that was pouring in on an East St. Louis firm which had "dared" the credulous citizens of this country to send in their $10 bills. Evidently the fool-killer is loosing on his job.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamb rlain's Remedies have been in the market for many years and enjoy a good reputation.
